ABOUT US

The Accra Institute of Technology (AIT) is a technology-driven private university, accredited by the National Accreditation Board (NAB) of Ghana.

The university is modeled on internationally renowned institutes of technology like the Massachusetts Institute of Technology (MIT) and the California Institute of Technology (CALTECH) - both universities are consistently ranked in the top ten of the global rankings of universities worldwide.

AIT is ranked the top private University in Ghana by the Ghana Tertiary Awards. It also received the Best Technology University in Ghana Award for a number of years.

AIT is equally a leading research university in Ghana with over 250 enrolled on its PhD programs.

AIT operates both campus-based and online (open university) systems at both the undergraduate and the postgraduate (graduate) levels and it is credited with pioneering open university education in Ghana and in the West Africa sub-region.

CTECH / DTECH

Certificate of Technology (CTech) and Diploma of Technology (DTech) are 'Academic Track'. CTech and Dtech programs are designed to introduce students to the basic concepts and principles of the core subject areas of each program of study.

As part of the practical aspects of the program, students are also provided basic skills in the relevant subject areas of the program. Students who successfully complete the CTech Program can proceed to the DTech version of the program at AIT.

The CTech is of One Semester duration and students take between 4 to 6 core courses on this program.
